

MONROE COUNTY FIRE MARSHALS & INSPECTORS ASSOCIATION

MEETING MINUTES – FEBRUARY 17, 2021 VIRTUAL MEETING HELD VIA WEBEX

Meeting called to order by President David at 10:05 am. There were 31 attendees.

Call for Quorum:

Executive Officers

- ✓ President Jeffery David
- ✓ Vice President Dave Saur
- Treasurer Pat Inzer
- ✓ Recording Secretary Sean McAdoo

Distinguished Guests

Eric Bradshaw, NYS DOS

Officer Reports:

Secretary:

- Secretary McAdoo reported January minutes are prepared and will be sent out once email password is resolved, hopefully later today.
- On motion of David Saur, seconded by Dave Tytler, there were no objections to accepting the report

Treasurer

- Treasurer Inzer was having computer issues and could not log on; no report.

Vice President

- Vice President Saur announced the website host merged with another company, and over the past few weeks have been migrating to new server. The new sever is much more secure and comes with hosted emails for executive officers. When you check the new site out, if you want to add your contact information to the directory, please let VP Saur know.
- Conference will probably be pushed back to mid to late summer, as venues are not accepting bookings. Plan is still to do 24 hours in two locations to minimize exposure. VP Saur has the approved 2021 class list and is putting together the program.

President

- President David reminded the members of the recent email that offers grant opportunities for code enforcement.
- MCFMIA is hosting online training on the same day of the meeting, put on by Chris Roth for PDE credit. Today is the first (dryer fires); next month will be

conducting fire inspections (you will need fire and property maintenance codes handy). Attendees must pre-register so accurate attendance records can be kept. President David recommends you log in via computer instead of calling in, to help with verification.

Committee Reports:

Joe Manuse Foundation

- Chris Roth reminded the membership about the Gates Professional Firefighter donation. If smoke detectors are needed, please contact him.

Old Business

- none

New Business

- Chris Roth directed a question towards Eric Bradshaw if he knew of a change to our DOS regional rep. Eric followed up with information that there is a Monroe County based rep named David Farley; Eric will forward the contact information to the President.
- VP Saur reported that Treasurer Inzer is trying to update email addresses. When you register, please put down your current email so he can verify our records.
- President David said once he knows the executive board has their emails working, he will send an email to the membership from the new account. Generally, it is the name of the position @mcfmia.org

Next Meeting: March 17, 2021, as a WebEx meeting.

Meeting Adjourned: 10:33 pm
